HORTICULTURAL
NOVELTIES

Our Fourth Year!

FOR four years we have served an ever increasing circle of patrons and we are now in a better position than ever to give efficient service and to supply the best there is in Seeds, Bulbs, Plants and Freshly Cut Flowers.

Our Floral Shoppe has become the "Rendezvous" for our local customers who are interested in their gardens or who have house plants, as well as the lover of flowers who enjoys their beauty when cut for home decoration. We are also ready for every occasion when *"Flowers speak softer than words"*.

Our TELEGRAPH SERVICE is open to all. Simply wire CROCKET'S FLORAL SHOPPE, Cranford, N. J., and we will deliver Flowers or Floral Pieces anywhere in Union County.

Our Mail Order Customers who are scattered from Coast to Coast and from Canada to Cuba we wish to especially thank for their patronage and we hope to continue to serve them.

Our terms are Cash but we carry monthly accounts with our regular customers. However, as a special inducement we will allow a discount of 5% on all retail orders of \$5.00 or over if cash accompanies the order.

All prices in this catalogue are subject to change without notice.

JERSEY GROWN ALPINES

We specialize in rock or alpine plants. We are adding to our own collection each year and are also in close touch with several other fine collections. Let us know your wants.

NON WARRANTY

While we exercise the greatest possible care, we, like all other first-class houses, offer all goods subject to being unsold, and without warranty or responsibility for crop in any way and orders are accepted only under these conditions.

New and Rare Rock Plants of Exceptional Merit

AETHIONEMA

AETHIONEMA (*Lebanon Candytuft*). A family of rare and beautiful dwarf subshrubs thriving in sunny, well drained positions on the rock garden. Each 50c; doz. \$5.

Coridifolium. A trailing species bearing heads of bright pink flowers. 9 inches. April-May. Each 50c; doz. \$5.

Grandiflorum. A dainty and beautiful rock plant. It forms a compact bush and is covered in July with pink flowers borne in racemes. 1 ft. Each 40c; doz. \$4.

Iberideum. Trailing habit. White flowers and gray foliage. 6 inches. April-May. Each 40c; doz. \$4.

ADONIS. Amuriensis. (*Golden Pheasant's Eye*). One of the earliest dwarf plants to bloom in the Spring. Its showy golden cup shaped blooms on Fern-like foliage are very attractive. 1 ft. Rare. Stock Limited. April \$1 each

AJUGA. Genevensis. (*Geneva Bugle*). True Blue spikes of bloom. Grand ground cover in shade 6-8 in. May-June. 25c each; \$2.50 doz.

ANCHUSA. Myosotidiflora. (*A Russian Forget-me-not-like Anchusa*). The oval stalked leaves are surmounted by graceful panicles of bright blue flowers in May very hardy: fine for shady rock gardens. 1 ft. May. 60c each. doz. \$6.

ANEMONE. Pulsatilla. (*Pasque Flower*). From fine cut foliage the large bell shaped purplish flowers open late in April, their golden anthers are quite conspicuous. 12". April-May. 35c. each.; doz. \$3.50.

ARABIS. Alpina, fl. pl. (*Double Rock Cress*). A fine Rock Plant, the individual spikes are like miniature Stocks. 9". April-May. 30c. each.; doz. \$3.

ARMERIA. Alpina. (*Mountain Thrift*). A very dwarf species with tiny heads of pink flowers only 6". May-June. 30c. each; doz. \$3.

CALAMINTHA. Alpina. A charming creeping aromatic plant with small round leaves and violet lipped flowers. Flowers all summer. 3". 25c. each; doz. \$2.50.

CAMPANULA. Rotundifolia. (*Blue Bells of Scotland*). This famous plant is quite at home in the Rock Garden, where its slender wiry stems may hang over a Rock, with the blue papery bells swaying with the slightest zephyr. 40c. each; doz. \$4.

CHRYSANTHEMUM. Arcticum. (*The Arctic Daisy*). A gem from the frigid zone "It Cheers November's Blast". Being the "Last o' the Daisies". The flowers, often 2½ inches across are not over 12 inches high. Oct.-Nov. 25c each; doz. \$2.50.

The Placid Pool

New and Rare Rock Plants --continued--

EIDELWEISS

COLCHICUM. Autumnale. (*The European Meadow Saffron*). A crocus-like plant with lilac-pink flowers that bloom out doors during Aug.-Sept. The leaves appear in the Spring, then disappear. The bulb will also flower in the window without soil or water. Order bulbs now for Sept. delivery. 50c each; doz. \$5.

DIANTHUS. Speciosus. (*Fringe Pink*). A new scented variety with lavender pink flowers. It thrives on dry spots. June-Aug. 30c each; doz. \$3.

ERINUS. Alpinus. (*A Dainty Rock Plant*). With spikes of Rosy Lilac Lipped Flowers in May. 3". 30c each; doz. \$3.

EUPHORBIA. Myrsinites. (*New*). This curious plant has stiff scale-like leaves surrounding the stems forming rosettes on top. The whole plant is glaucous or bluish gray. The flower bracts are yellow. Fine for Dry spots. June-July. 40c each; doz. \$4.

GEUM. Lady Stratheden. (*New. Golden Avens*). A rock plant of great merit. Its double golden blooms are produced freely all summer. 30c each; doz. \$3.

IRIS. Cristata. The Nicest Neatest Iris for the Rock Garden, soft lavender blue, with orange crest. 6 inches. 30c each; doz. \$3.

LAVANDULA. Vera, Dwarf Munstead. It combines all the delicious fragrance, gray foliage and pale blue flowers of the popular lavender with a neat, compactness that makes it a rare subject for the rock garden. 30c each; doz. \$3.

LEONTOPODIUM. Alpinum. *The Famous Edelweiss* of the alps, in quest of which many a mountain climber has lost his life. The wooly starshaped flower heads may be grown with ease in your garden. May-June. 30c each; doz. \$3.

ONOSMA. Stellulatum. (*Golden Drop*). A rare rock plant bearing drooping clusters of scented yellow pendent blossoms in sunny spots in May, nine inches above the evergreen tuft of leaves. 50c each; doz. \$5.

SAGINA glabra. Emerald green cushions of mosslike growth covered in spring with numberless small white flowers. The finest carpet plant. May be walked on without injury. 2 inches. Clumps. 30c each; doz. \$3.

SCUTELLARIA Skull Cap baicalensis coelestina. An uncommon plant that is insured great popularity when better known. It is one of the few plants that will flower from early summer until frost. The flowers are clear blue in color and resemble those of a Snapdragon in shape, they are profusely borne on thin wiry stems. 1½ ft. 30c each; doz. \$3.

TALINUM. Calycinum. A new hardy perennial succulent for dry sunny soils. Now offered for the first time. Small green tufts of thick needle-shaped leaves from which arises a slender six inch stem, bearing many wine-red and gold flowers, which open each afternoon. A genuine find for Rock gardens. 60c each; doz. \$6.

TUNICA saxifraga double. *New.* Tufts of grass-like foliage and stems bearing small double rosy pink flowers. 6 inches. July-September. 50c each; doz. \$5.

VERONICA. Incana. Compact masses of silvery gray foliage and tail-like spikes of deep blue flowers. 1 ft. May-July. 25c each; \$2 50 doz.

Repens. Carpet of evergreen foliage entirely covered in spring with very pale blue flowers. 3 inches. 25c each; \$2.50 doz.

Rupestris alba. A prostrate trailer forming a thick green carpet which is almost hidden in May and June by myriads of clusters of pure white flowers. 6 inches. 30c each; doz. \$3.

VIOLA JERSEY GEM. (*New.*) This exquisite viola was raised by Mr. T. A. Weston, the expert Horticultural writer. In habit, hardiness and floriferousness it equals the true Alpine Viola Cornuta but the size and intense violet color of blooms excel the type beyond description. 40c each; doz. \$4.

Ten Choice Dwarf Hardy Phloxes for the Rock Garden

Phlox Divaricata-Laphami

PHLOX AMOENA. This is one of the dwarfest and hardiest of the Phloxes. The individual plant consists of a rosette of narrow dark green glossy leaves about one inch long. The flowers are vivid pink and they literally cover the plant in April and May. The total height is not over 9 inches. Strong plants. 25c. each; doz. \$2.50; 100 \$18.

PHLOX Argillacea. New. [The Sand Dune Phlox]. Lovely Silvery Lavender Flowers borne on numerous slender dwarf stems with long narrow shiny leaves like a miniature Miss Lingard. Very hardy; ideal on dry spots. Multiplies rapidly. Stock limited. 50c. each; doz. \$5.

PHLOX Carolina. This distinct variety has oval light green leaves and has panicles of soft rose flowers that are not over 1 ft. in height. Hardy and very desirable in the Rock Garden. 25c. each; doz. \$2.50.

PHLOX Divaricata Alba Grandiflora. The white form of the preceeding which is a pleasing contrast to the type. 30c. each; doz. \$3; per 100 \$20.

PHLOX Divaricata Laphami. The popularity of this native plant knows no bounds. Here in Union County, New Jersey, it is found in nearly every garden and during May and June when the Tulips are in bloom its panicles of lavender-blue flowers are massed in great profusion. 20c. each; doz. \$2.

PHLOX Procumbens Coerulea. A new hardy trailing phlox with clear blue flowers and yellow stamens. The panicles of flowers are only about 6 inches high. It lives through the winter without protection and blooms in May or June. After flowering it sends out its reddish prostrate stems which terminate in a cluster of oval leaves that root readily and which bare flowers the following year. 30c. each; doz. \$3; per 100 \$22.

PHLOX Stellaria G. F. Wilson. Similar in habit to the Subulata Species though the flowers are more star shaped and are a clear lavender. The foliage is denser and a darker green. 25c. each; doz. \$2.50.

PHLOX Subulata Apple Blossom. A new shade of this old favorite. 50c. each; doz. \$5.

PHLOX Subulata Vivid. A deep rich rose. All that its name implies. 30c. each; doz. \$3.

PHLOX Subulata Alba. The Albino of the tribe producing masses of snowy white flowers. 20c. each; doz. \$2.

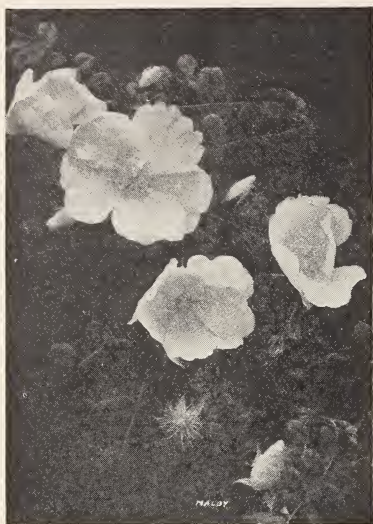

This entire collection of ten varieties mailed postpaid as follows.

One of each	\$ 3.00
Five of each	\$12.50
Ten of each	\$20.00

Order early as some of the above Phloxes are scarce.

New and Rare Bulbs and Plants

Rosa Hugonis

A golden mass of Shear Lovliness

AZALEA Louisa Hunnewell. *New.* A golden hybrid Azalea with very large flowers. Each \$5.

CALADIUM Fancy Leaved. Superbly ornamental foliage plants for window gardens or sheltered spots in the garden. The leaves are veined and spotted in fantastic colors.

Dormant Bulbs Each 30c; doz. \$3.

Growing Plants „ 50c; „ \$5.

CHINESE BEAUTY BERRY. *Callicarpa Purpurea.* A graceful shrub with wand-like branches covered in the fall with clusters of rich purple berries that remain into winter. Each \$1.

DAPHNE Cneorum—A hardy shrub which trails over the ground in a most beautiful manner. Extra fine for any position, and being evergreen, it is the most desirable plant we know for borders and Rock gardens. The fragrant flowers are pink, in clusters, and are borne profusely in early spring and during the summer and fall. \$1.50 each.

LYCORIS SQUAMIGERA, or Amaryllis Halli. Lycoris Squamigera produces in early spring attractive green foliage which grows until July when it ripens off and disappears, and one not familiar with its habits would think the bulb had died, but about a month later, as if by magic, the flower stalks spring from the ground to a height of two or three feet, developing an umbel of large and beautiful lily-shaped flowers three to four inches across and from eight to twelve in number, of a delicate lilac-pink. As the bulb is perfectly hardy it can be planted in the spring. Cover the crown about four inches. \$1 ea.

The Flowering Crabs.

The Flowering Crabs have few rivals among gorgeous Spring flowering trees and shrubs. At the Arnold Arboretum one of the important events of the year is the blooming of the Crabs, followed by the showy fruit.

They are of easy culture, and whether planted singly or in masses, give remarkable and quick results. Not only are the Flowering Crabs beautiful on the lawn, but they are used to the greatest advantage in woodland plantings.

MALUS. Arnoldiana. *Arnold Crab.* One of the most beautiful varieties, originating at the Arnold Arboretum. Very large rose-colored flowers, turning to white. Each. \$2.

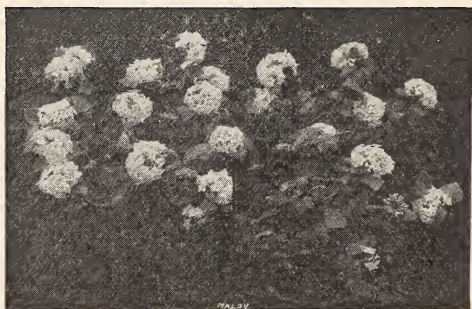

Ioensis Plena. *Bechtel Crab.* Double pink flowers like small clustered roses. Each \$2.

Sargentii. *Sargent Crab.* Very dwarf spreading Japanese variety. Pure white flowers with bright yellow anthers. Scarlet fruit hanging till Spring. Each. \$2.

ROSA HUGONIS. A new Chinese rose with single fragrant yellow flowers that cover the arching stems. The first to bloom in Spring when it is a golden mass of sheer loveliness. As a shrub for the balance of the year it is unexcelled; the graceful Acacialike foliage completely clothes the reddish stems. Very hardy. Strong 2-year old plants, each \$1.50.

TIGRIDIA Pavonia. *Mexican Peacock Tiger Iris* This brilliant bulbous plant, which has been off the market for years has large orange-red spotted flowers which open in the morning and are gone by noon. It continues to bloom every day for over two months during the summer. Jersey grown bulbs. 25c. each; \$2.50 per doz; \$15 per 100.

VIBURNUM Carlesii. *Rare.* This fragrant viburnum has roundish clusters of flesh-white waxy flowers. It is the queen of all the Viburnums. \$2 each.

Viburnum Carlesii

Rare Winter Flowering Plants For Your Greenhouse

BOUGAINVILLEA. Crimson Lake. A showy plant for the conservatory, in bloom for several months in the spring. Flowers, a beautiful rich crimson. Superior to the original species. Strong plants, \$2 each

BUDDLEIA. Winter Lilac.

Asiatica. An elegant pot-plant, suitable for general decorative purposes and cut-flowers. Flowers pure white, deliciously fragrant. 50c each; \$5 per doz.

Hybrida, Eva Dudley. A charming plant of hybrid origin bearing numerous cylindrical flower clusters of delicate lavender-pink with intense orange centre. Very fragrant. Strong plants, \$1 each; \$10 per doz.

Farquharii. This is a most valuable acquisition for the conservatory. The fragrant flowers are pink and are borne in cylindrical, tail-like clusters during December and January. 75c each; \$7.50 per doz.

CALCEOLARIA Stewarti. A beautiful variety of compact growth, bearing large sprays of bright yellow flowers for the conservatory. Plants \$1 each; \$9 per doz.

CAMELLIA japonica. Popular greenhouse evergreen. Pink or Scarlet. Strong plants, \$5 each.

CAMPANULA isophylla. Star of Bethlehem. Beautiful plant covered with star-shaped flowers, admirably adapted for hanging pots. 3½ in pots, Blue, \$1.50 each; White, \$1.

CORONILLA GLAUCA. A rare plant for the greenhouse. Large specimens often bear hundreds of clusters of clear yellow pea shaped blossoms all winter. Superior in many ways to the Genista. Extra strong plants, \$1 each. \$9 dozen.

ERLANGEA TOMENTOSUM. A Winter flowering plant with mauve Ageratum-like flowers and fragrant foliage. Continuous bloomer. Supersedes Stevia as a cut flower. Easily propagated. May-June delivery. Plants in 3-inch pots, 50c. each. \$5 dozen.

The BLUE BEE BALM

Pycnostachys Dawii. New winter-flowering plant with strong spikes of blooms like a Monarda. The color, however, is the richest corn-flower blue. Fine for cutting and lasts well in water. Propagates easily. Should be pinched back to form bushy plants, 2-3 ft. high. May-June delivery. Plants in 3-inch pots. 50c. each. \$4 dozen. \$30 per 100.

Our Novelty Page of Flower Seeds

Some of the Choicest Newer Things From the Old World.

ACAENA Microphylla, (*New Zealand Carpet Plant*). Carpets the ground with its mossy foliage studded with its stemless crimson flowers in July, only 1" high. Fine for crazy stone paths in Rock Garden, pkt. 50c. 3 for \$1.

ACANTHOLIMON Venustum. *Prickly Thrift*. The large crimson flowers are borne in great profusion above the spiny cushion of foliage. 6 inches. A rare and charming plant for the Rock Garden, pkt. \$1. 3 for \$2.

BARBERRY, New Choice Hybrids. An exceptionally fine assortment in endless variety, of charming berried shrubs. Easily raised from seed outdoors. Perfectly hardy. Pkt. \$1.

A REAL NOVELTY

New Early Flowering Perpetual Carnation. Plants bloom in the garden in four months from the time of sowing. If sown in the greenhouse or hot bed in March they will bloom in July and will continue to yield large flowers on 18" stiff stems all summer. This new race is the equal of the indoor carnations, the flowers are very double and the calyx does not split. Our collection of 6 colors one pkt. each, White, Lt. Pink, Yellow, Maroon, Scarlet & Copper for \$5. Single pkts. \$1 each. Mixture of all colors \$1 pkt.

COREOPSIS Grandiflora. *Double Golden*. This is a very desirable perennial and is a great improvement on the single variety. Blooms all summer. Height 2 feet. Pkts. \$1.

DELPHINIUM, Sir Douglas Haig. (*New*). Truly a giant flower, both as to spike and individual bloom which is full double and a charming combination of true blue and purple. A strong grower. \$1 per packet.

GLADIOLI, Wonder Hybrids. One of the finest strains ever produced and extremely interesting in that they bloom within four months from sowing. Raise your own Glads from seed this year. Per packet 50c.

IRIS Dichotoma Vespers. A rare new Iris from Central China. It has a distinct habit of growth. At about a foot from the ground it branches out and continues to branch while producing its pale blue flowers. A fresh crop of flowers appear every afternoon about 3 o'clock. 10 seeds \$1.

Tricuspis. A rare dwarf Iris with large Rich Violet Flowers. It is a hardy biennial easily raised from seed. Pkts. 25c.

LILIUM Sulphur—Gale Hybrids. *New*. Fine hybrids of Lilies Sulphureum and Regale. Of a deeper yellow shade than Regale, later and stronger grower. Pkts \$1.

MYOSOTIDEUM nobile. (*New Zealand Giant Forgetmenot*). Should be sown under glass and put out into a shady situation, produces large,

deep blue, white-edged flowers on long stems. Sometimes called the Chatham Island Lily, seeds (in husk) ready in April. Pkt. \$1.

PAPAVER Nudicaule. "*Sunbeam Improved*". Larger and stronger than the Iceland Poppy. In cream and pink shades. Per pkt. 50c.

PAPAVER Nudicaule. "*Tangerine*". A new fiery orange giant Iceland Poppy that is excellent for cutting and perfectly hardy. Per pkt. 50c.

ROMNEYA Coulteri. Giant white perennial Poppy. First discovered in California by Harvey and named for an Irishman. Has large white flowers and glaucous cut foliage. 3-4. Pkt. 50c.

PRIMROSE, Royal Blue. A deep rich royal blue making a striking contrast with the common yellow variety. Hardy and fine for Rock Garden. Pkt. 50c.

SCABIOSA Columbaria. A new rosy mauve perennial Scabiosa from South Africa. Hardy and fine for cutting. Per pkt. 50c.

SALVIA, Crockett's New Pink. This new pink was much admired in many gardens last year. The general color effect is a soft salmon, though the individual corollas are a deep coral red. It is dwarf, compact and bushy, and makes an excellent bedding plant. Per pkt. 50c.

VIOLA, Hazlemere. (*New*). A grand new Rosy Mauve Viola perfectly hardy and splendid for rockery or edging in semi-shaded situation. Pkt. 50c.

Chrysanthemum - Tricolor

Our Selected List of Choice Flower Seeds

Home Grown and Imported

ANNUALS. These are of two kinds, **those** that can be transplanted into their flowering quarters, and those that are spaced by "thinning"; the latter of course have to be sown, where they are intended to bloom, and have usually a single or "rat-tail" root; most all those that have fibrous roots can be transplanted from one place to another.

Sow more Annuals. They make wonderful fillers for the perennial border and Rock Garden. Dwarf varieties for edgings or for the Rock Garden marked with a star. *

ARCTOTIS GRANDIS

***AGERATUM.** Little Blue Star. 1/16 oz., \$1.50. Packet, 25c.

Selected List of Choice Perennial Flower Seeds

HARDY PERENNIALS. Now generally known as "Old-fashioned Flowers" are the best value one can put into a garden. When once established, the plants thrive and bloom each year without further trouble or care than a light winter covering of litter, provided the soil is sufficiently rich, well drained and suitable to the particular plants chosen. Public taste is gradually reverting to the old ideas of a garden. Best sown outdoors from May to July.

Varieties marked with star * suitable for Rock Gardens.

LILIES

and other Summer Flowering Bulbs

Lilium Regale

ANEMONE. St. Bridgid. (*Irish Anemone*).

If planted in a warm, sheltered, partly shady place these will flower in the garden. Their brilliant colored flowers are fine for cutting. \$1 doz.; \$7.50 100.

CALADIUM. Fancy Leaved. Superbly ornamental foliage plants for window gardens or sheltered spots in the garden. The leaves are veined and spotted in fantastic colors.

Dormant Bulbs ea. 30 cents; doz.: \$3.

Growing Plants „ 50 cents; „ \$5.

CALADIUM. Esculentum. (*Elephant's Ear*).

A tropical bulb with enormous heart shaped leaves often 4 feet long. Plant in the center of a bed; also does well in tubs for porch decoration. 25c each; \$2.50 doz.

CALLA. Elliottiana. (*Golden Spotted Lily of the Nile*). The deep golden flowers surmount the green, white spotted leaves. They are wonderful for cutting. Plant in the garden as soon as frost is past. 50c each; \$5 doz.

HYACINTHUS. Candicans. (*Giant Summer Snowdrop*). A wonderful stately plant with strong spikes often 4 feet high bearing as many as 30 white waxy bells. Bulbs. 25c each; \$2.25 doz.

ISMENE. Calathina. (*Peruvian Daffodil*).

Pure white fragrant flowers in umbells. Plant the bulbs in May and they will flower in July. 25c each; \$2.25 doz.

LILIUM Regale. (*The Royal Lily from Western China*). The most charming hardy Lily. Its habit, form texture, color and fragrance are unique. No garden should or need be without it.

Flowering Bulbs 50c each; \$5.00 doz.

Mammoth „ 75c „ \$7.50 „

Superbum. (*American Turks Cap Lily*). A fine native Lily for damp places. Grows 5-6 feet high with often 12 or more orange-red spotted, open flowers. July-August. Each 20c; \$2 doz.

Auratum. (*The Golden Rayed Lily of Japan*). This grand fragrant Lily has enormous white flowers spotted maroon with a broad golden band down each petal. It is a real aristocrat in the garden. July-Aug. Mammoth Bulbs. 50c each; \$5 doz;

LILY OF THE VALLEY. (*Convallaria Majalis*). This humble plant with its immaculate miniature bells occupies an unassailed place in the floral firmament. It is also very valuable as a ground covering plant in damp partially shaded places. Strong clumps, 50c each; \$5 doz.

TIGRIDA Pavonia. (*Mexican Peacock Tiger Iris*). This brilliant bulbous plant, which has been off the market for years has large orange-red spotted flowers which open in the morning and are gone by noon. It continues to bloom every day for over two months during the summer. Jersey grown bulbs. 25c each; \$2.50 doz.; \$15. 100.

TUBEROSES. Polianthes Tuberosa. (*East Indian Hyacinth*). This fragrant plant is a native of the East Indies and is not Mexican as sometimes listed. By starting the bulbs in damp moss in May, then planting out in June they are sure to bloom before frost. Mammoth bulbs 15c each; \$1.50 doz.

ZEPHYRANTHES. Candida. [*Zephyr Flower*]. Pure white and the freest bloomer of all, though not large. \$1.25 doz; \$8. 100.

Rosea: Beautiful clear rose, flowers large and very handsome: \$3 doz; \$20 100.

Striata: Fine flower, pink and white. \$1.25 doz; \$8 100:

Choice Old Fashioned Flowers
